The Marion County Public Health Department Ryan White Services Program is designed to help individuals with HIV obtain comprehensive primary health care. HIV-positive individuals will work with a case manager, physician or nurse practitioner to develop a treatment and care plan to help them improve their quality of life.

ACCESS TO CARE

Getting the medical care you need if you are HIV-positive can be difficult. Even if you earn a limited income, do not have health insurance, on Medicaid, private insurance, Medicare, or one of the Affordable Care Act plans, you could be eligible for the Marion County Public Health Department Ryan White HIV Services Program.

ELIGIBILITY REQUIREMENTS

To be eligible for the Marion County Public Health Department Ryan White HIV Services Program you must:

1. HIV-positive
2. Income less than 300% of the federal poverty level (FPL)
3. Resident of the Indianapolis Transitional Grant Area (TGA)

The following counties are part of the Indianapolis TGA: Boone, Brown, Hamilton, Hancock, Hendricks, Johnson, Marion, Morgan, Putnam, Shelby

Michael Butler

ENDING THE HIV EPIDEMIC (EHE): A PLAN FOR AMERICA

Beginning in 2020, the Ending the HIV Epidemic (EHE) initiative intends to significantly reduce new HIV infections by the year 2030.

THE FOLLOWING EHE STRATEGIES IN CONJUNCTION WITH VARIOUS SOCIAL DETERMINANTS OF HEALTH WILL BE IMPLEMENTED TO ACHIEVE THIS GOAL:

- Locate, identify, and connect those who are unaware of their HIV status and those individuals newly diagnosed into specialized HIV care services.
- Engage and re-engage persons living with HIV (PLWH) into the appropriate HIV Care Continuum of treatment and support.
- Assist and support those HIV infected persons who are in care but not virally suppressed towards achieving an undetectable HIV status; U=U (Undetectable equals Untransmittable).

RYAN WHITE HIV SERVICES PROGRAM – FUNDED PROVIDERS, RESOURCES & SERVICES

Don't go through it on your own. Help is available.
